Terms of Reference for Expert on Regional Economic Integration (RCC)

Background

The Regional Cooperation Council (RCC) was established in 2008 as a regionally owned and led framework. It works under the political guidance of the SEEC P to promote regional cooperation and European and Euro-Atlantic integration of South East Europe (SEE). The areas of cooperation in the framework of the RCC are Economic and Social Development; Energy and Infrastructure; Justice and Home Affairs; Security Cooperation; Building Human Capital, as well as cross-cutting issues such as parliamentary cooperation, cooperation with civil society and gender mainstreaming.

The RCC is implementing the Strategy and Work Programme (SWP) 2017-2019 and its biggest part, the South East Europe (SEE) 2020 Strategy, as a basic working document for the RCC until 2020. The SEE 2020 Strategy aims at promoting creation of jobs and prosperity in a European perspective for the Western Balkans. It has five pillars, which are: Smart Growth, Sustainable Growth, Inclusive Growth, Integrated Growth and Governance for Growth. The overarching goal of RCC’s Strategy and Work Programme 2017-2019 is greater economic integration through easier flow of capital, people, goods and services within the SEE and between the SEE and the EU. RCC also intends to contribute to better governance, improved functioning of the rule of law and enhanced security in South East Europe. RCC implements the SWP 2017-2019 through integrating the efforts of different stakeholders in three themes or “flagship initiatives”: skills and mobility, connectivity and competitiveness.

At the Trieste Summit of the Berlin process (12th July 2017), WB6 leaders endorsed the Multi-Annual Action Plan on Regional Economic Area (hereinafter: MAP), prepared and coordinated by RCC. The MAP sets out a mid-term agenda on regional economic integration along the trade,
investment, mobility and digital agendas, and foresees a strong implementation, coordination and monitoring role for RCC. RCC is invited to review and inform the Western Balkans Summits and Prime Ministers' Sherpas on regular basis on the progress achieved as regards the deliverables defined in the MAP.

The organisation maintains close working relations with all actors of relevance to these areas, such as governments, international organisations, international financial institutions, regional organisations, private sector and civil society.

The RCC consists of 46 participants. The RCC and its Secretariat receive operational guidance and supervision from the RCC Board. The RCC Board consists of those RCC participants contributing to the budget of the RCC Secretariat. The RCC has a Secretariat based in Sarajevo, Bosnia and Herzegovina, headed by the Secretary General, and Liaison Office in Brussels which ensures regular communication and cooperation with European and Euro-Atlantic institutions. The organisational structure of the RCC Secretariat consists of: Office of the Secretary General, Political Department, Programme Department and Administration Department.
