TEMPLATE INVITATION FOR ALUMNI (Former Erasmus participants):]

Dear former Erasmus participant,

We would like to invite you to take part in a survey for the **second Erasmus Impact Study**.

Every participant who completes the survey will **receive individualised feedback on their own personality traits** such as curiosity, confidence and decisiveness, and **their values will be compared to thousands of individuals** across Europe.

The questionnaire is available in **English, German and French**. The survey is expected to take 10-20 minutes depending on your answers.

<http://www.studentsurvey.che-consult.de>

Your answers are highly valued and will feed into the European survey on the impact of Erasmus(+) on individuals (students, alumni, and staff) and help to improve the next generation of Erasmus+.

The survey is conducted by CHE Consult and ICF on behalf of the European Commission (DG Education and Culture).

As invitations to participate in our survey are currently being disseminated by several institutions all over Europe, we apologise for cross-posting.

The survey is entirely anonymous, the data analysis is confidential and no individual data will be shared with any third parties. If you received this invitation multiple times, please fill in the questionnaire only once.

Should you have any questions, we will be happy to answer them: eisplus@che-consult.de.

Thank you in advance for sharing your experience with us.

Kindest regards,
