The ASEF Young Leaders Summit (ASEFYLS) is the go-to place for young people willing to un-learn, re-learn and learn new concepts, strategies and actions on how to create sustainable impact in society.

ASEFYLS is an experiential platform for Asian and European students and young professionals that adapts a 360° approach on leadership development. ASEFYLS recognises that leadership takes place across all spectrum in society: at home, in lecture halls, in board rooms, within the community as well as from the streets up to the political arena. Leadership is for those who are determined to take a leap by asking questions, thinking critically, action-planning and collaborating.

ASEFYLS takes place alongside the Asia-Europe Meeting (ASEM) Summits, where Heads of States from the 51 ASEM partner countries, the EU and the ASEAN Secretariat meet to discuss the status and future of Asia-Europe relations.¹

ASEFYLS is based on 5 pillars:

#knowledge_stretching
Development of fresh and rewarding insights to equip both recognised and unsung young leaders with a tool-kit for action

#action_oriented
Commitments and co-creation of spin-off activities linked to leadership and sustainable development in local communities

#network_based
Space for networking among youth, community leaders, responsible business leaders, thought-provoking academics and policy-makers

#leadership_exchange
Opportunity for participation of ASEFYLS participants in the Asia-Europe Meeting (ASEM) Summit and relevant Ministers’ Meetings

#reciprocityFocused
Joint learning and sharing of time, talent & resources beyond the ASEFYLS framework for greater impact

WHY DOES ASEFYLS MATTER?

¹ The Asia-Europe Meeting (ASEM) is an informal process of dialogue and cooperation bringing together the 28 European Union member states, two other European countries, and the European Union with 21 Asian countries and the ASEAN Secretariat. The ASEM dialogue addresses political, economic and cultural issues, with the objective of strengthening the relationship between the two regions, in a spirit of mutual respect and equal partnership. Leadership, as defined within the context of ASEFYLS, is the ability to lead a group of people and/or organisation & to showcase positive behaviour that sets an example. Ethical leadership, as used within the framework of ASEFYLS, is understood as a decision-making process that respects the values and rights of others, the environment and the society as a whole.

Have a look at the visual testimony of the 1st ASEFYLS on “Entrepreneurship and Youth Employment” in 2015 in Luxembourg that supported the 12th ASEM Foreign Ministers’ Meeting (ASEM FMM12) and the 5th ASEM Labour and Employment Ministers’ Conference (ASEM LEMC5).

Also check out the outcomes from the 2nd ASEFYLS edition on “Access to Youth Employment” in 2017 in Korea, which contributed to the 7th ASEM Economic Ministers’ Meeting (ASEM EMM7).

The 3rd ASEF Young Leaders Summit (ASEFYLS3) will take place in conjunction with the 12th ASEM Summit (ASEM12) on 15-19 October 2018 in Brussels, Belgium. ASEFYLS3 focuses on Ethical Leadership, the human-centred form of responsible leadership, and aims to dismantle and re-assemble the concept thereof: in the context of self-leadership, team leadership and societal leadership.

But how can one distinguish between a leader and an ethical leader? Does it show in the decision-making process or the impact of the decision taken? And how shall one navigate between diverse and competing values and expectations, from a micro to a macro scale. ASEFYLS3 aims to nourish ethically literate leaders by providing a platform for reflection, dialogue and practice.

ASEFYLS3 focuses on values and challenges of ethical leadership embedded in 11 spheres:

1. Culture
2. Economy
3. Education
4. Environment
5. Family
6. Finance
7. Media
8. Politics
9. Religion and spirituality
10. Science and technology
11. Sports

The 4-day conference will conclude with an “ASEFYLS3 Call for Action & Commitments on Ethical Leadership”.

ASEFYLS3 is preceded by 2 ASEFYLS Navigators Trainings in Pune, India and Warsaw, Poland respectively. The trainings serve as a springboard and capacity building opportunity for the youth facilitators who will guide the ASEFYLS3 participants during on-site discussions and spin-off activity preparations.
